My dear Mr Wood

You were so kind in
giving me information before,
that I am going to impose
once again on your
good nature. & ask if you
will have the gentleman
who examined my record
tell me about his other
I have.

I believe it was Mr. Scull

but not being absolutely
certain I am writing
you & asking if you
will be so good as to
deliver the enclosed envelope
to him.

If you will open it
you will see that I
have sketched the two
searls, & I would appreciate
it greatly if he would
jot down on that sheet

the meaning of the Carving. There is
apparently no name here but
a bird which looks ominous as I
intend this pendant for a gift & would
not like to send a stamp with the
Chinese good luck wish.

Mr Keill will enlighten me I hope.

Thanking you for your
courtesy - both of you I am

It is impossible for me to
come up in person
now I'm sorry to say.

Respectfully yours
Henriette Sands Hudson.

Garrett Chatfield Jones

New York.

My dear Miss Anderson:-

Your letter at hand enclosing the drawings of two more scarabs. I showed these to Mr. Newell yesterday and he was unable to read them. The smaller one with the bird on, he thinks may be a general seal with simply the designation Pharaoh, the bird generally standing for that. The second one he cannot make out at all.

He gave me the name of Mr. Garrett Chatfield Pier, 4613 Drexel Boulevard, Chicago, Ill, as being a person who might be able to help you out on these. You can refer to Mr. Newell if you write him.

I am very sorry that I cannot give you the complete information.

Yours very truly,
